

## NCC Supplies POS to Olympic Retailers in London

### LET THE GAMES BEGIN

GREENVILLE, S.C., July 17, 2012. - NCC has been selected to supply its Reflection® POS system to retail outlets for the 2012 Summer Olympics in London. With the cooperation of our distribution channel in the United Kingdom, retailers will be installing more than 500 Reflection® POS systems for use throughout the Olympic Village and at venues across the United Kingdom.

### ABOUT NCC

NCC, headquartered in Greenville, South Carolina, has been delivering comprehensive management solutions to businesses in the hospitality and retail industries since 1986. Through a world-wide network of reseller partners, NCC has installed over 20,000 systems in more than 35 countries.

“We are proud to be associated with the Olympic tradition.” said Doug Harris, President of NCC. “A lot of hard work has gone in to preparing for this high-profile event and it is a great opportunity for us to unveil the latest retail enhancements made to our Reflection® POS software.”

Retailers in and around London have been preparing for the thousands of athletes and the hundreds of thousands of spectators who will converge on London in July for the XXX Olympiad. “We began installing a few systems for the Olympic Trial events back in May, but the vast majority of the systems will be installed during the month of July.”

All brand and product names are trademarks, registered trademarks, or service marks of their respective owners.
